

Grants and Scholarships

Several grant and scholarship programs are available to our members through UUP auspices, such as the grants provided through the six State of New York / United University Professions Joint Labor-Management Committees.

There are Affirmative Action / Diversity Grants, Employment Grants, Professional Development Grants, Safety and Health Grants, Technology Grants, and Campus Grants. They range from a few hundred to ten thousand dollars. Some are available to your dependents as well. Please take advantage of this opportunity and contact the Chapter office for more information.
