Additional information - NYC childcare for essential employees

Essential employees in New York City who need childcare for their young children can find help at Regional Enrichment Centers (RECs) run by the NYC Department of Education (DOE).

The RECs care for children from birth to age five. There are 95 center sites; 76 are in DOE school buildings and 17 are in early care centers. The centers are in every borough, with at least two sites in every school district.

The RECs are open from 7:30 a.m. to 6 p.m. Monday through Friday. Each room has a maximum of 12 children with at least one adult. The environment will be safe and supportive, and staff will be prepared to respond to children's social and emotional needs.

Essential employees should [CLICK HERE](https://www.schools.nyc.gov/enrollment/enrollment-help/regional-enrichment-centers) to apply for childcare through the Regional Enrichment Center program.
