

Joy Bilharz – Officer for Retirees

UUP instituted the addition of an Officer for Retirees at all campuses, due in part to the urging of our late Mac Nelson and the fact that our chapter had already added the office. With your support, I plan to continue to be available to members contemplating retirement as well as retirees to answer any questions about the process or benefits. As an officer, I will continue to represent the concerns that retirees have (benefit changes) as contract negotiations get under ways. Next year I hope we will be able to return to in-person pre-retirement workshops and annual and regional meetings. Thank you for the opportunity to serve.
