Privacy in the Workplace | 2/11/26 | Zoom

Attention UUP Members! How much privacy do you have in your workplace? How can you keep yourself safe, protect your private information, as well as your job security while carrying out your duties? The work landscape has changed. We live in an extremely connected world. Our modern conveniences offer great benefits and opportunities, but also bring the possibility of pitfalls... Are you safe, secure, and protected? Our NYSUT Labor Relations Specialist, Jamie Guilian, will be sharing her expertise and insights at this workshop.

Performance Programs & Evaluations | 3/11/26 | Zoom

This workshop is for members who have a UUP professional title or who supervise a UUP professional. Performance programs and evaluations are an important part of employment as a UUP professional. The performance program and evaluations workshop will provide UUP professionals and those who supervise them with important information that every UUP professional and those who supervise them should know. Including but not limited to when the must take place, how they must be done, what they should contain and what they can be used for. If you are a UUP professional title employee or supervise one, this workshop is for you regardless of your professional title and length of employment at Brockport. Collaboration with Human Resources and our NYSUT Labor Relations Specialist Jamie Guilian!
