

Aflac isn't health insurance.

Let us show you who we really are.

For questions or more information contact Sember at semler_miller@us.aflac.com

Traditional insurance pays doctors and hospitals. Aflac pays you, unless assigned. That means you can use your benefits any way you like, whether it's to pay leftover medical bills or any other expense you may have. They're your benefits, so you can use them your way.

Accident

Accidents happen. When a covered accident happens to you, our accident insurance policy pays you cash benefits to help with the unexpected medical and everyday expenses that begin to add up almost immediately.

Cancer/Specified-Disease

Aflac's cancer/specified-disease insurance policy can help you and your family better cope financially if a positive diagnosis of cancer ever occurs.

Critical Illness (Specified Health Event)

An Aflac specified health event insurance policy is designed to help with the costs of treatment if you experience a covered health event.

Hospital Confinement Indemnity

Hospital stays are expensive. An Aflac hospital confinement indemnity insurance policy can help ease the financial burden of hospital stays by providing cash benefits.

Short-Term Disability

How would you pay your bills if you're disabled and can't work? An Aflac short-term disability insurance policy can help provide you with a source of income while you concentrate on getting better.
